- Name of Operator: Scott Nielson
- Address of Operator: 3900 South Redwing Street, WVC, Utah 84119
- Telephone Number of Operator: 801-969-1863 – Angie Cell 801-654-0343
- Tax Payer Identification Number of Operator: 529193310
- BLM Serial Number:
Kent's Prophecy UMC36734
Split Rock UMC 367635

Rec'd
9-19-13

ACTIVITY DESCRIPTION, MAP, SCHEDULE

- Punch 4- 12' holes, shaker box over hole to reclaim the holes as we go. We will be using existing roads and fixing any area's that are not passable due to erosion. We will take a 1958 case backhoe, with a bucket size of 2' x 3' and dig down approximately 12' to sample below the surface soil. We will then take and pan the soil by means of a 12' screen and a 12' pan. We will take less than a 5 gallon bucket of concentrate to see what the gold content would be. We will then fill in the hole before we sample another area. The test whole disturbance or pad area will be less than a 10' x 10' area.

RECLAMATION PLAN

- Punch 4- 12' holes, shaker box over hole to reclaim the holes as we go. We will fill each hole with the backhoe as we go.

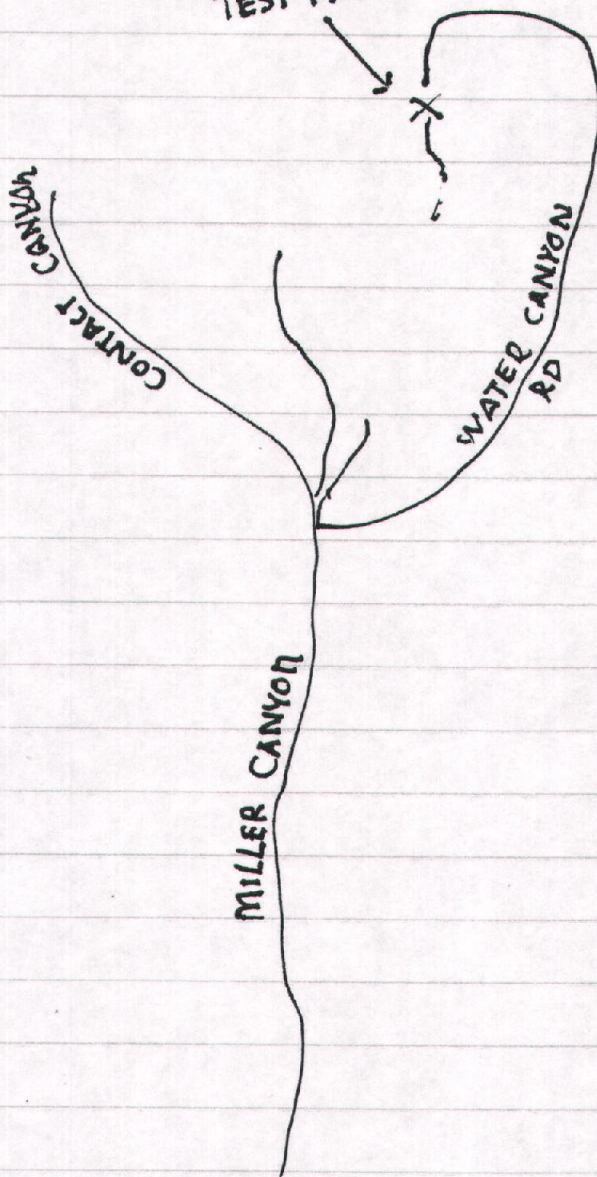

RECLAMATION COST ESTIMATE

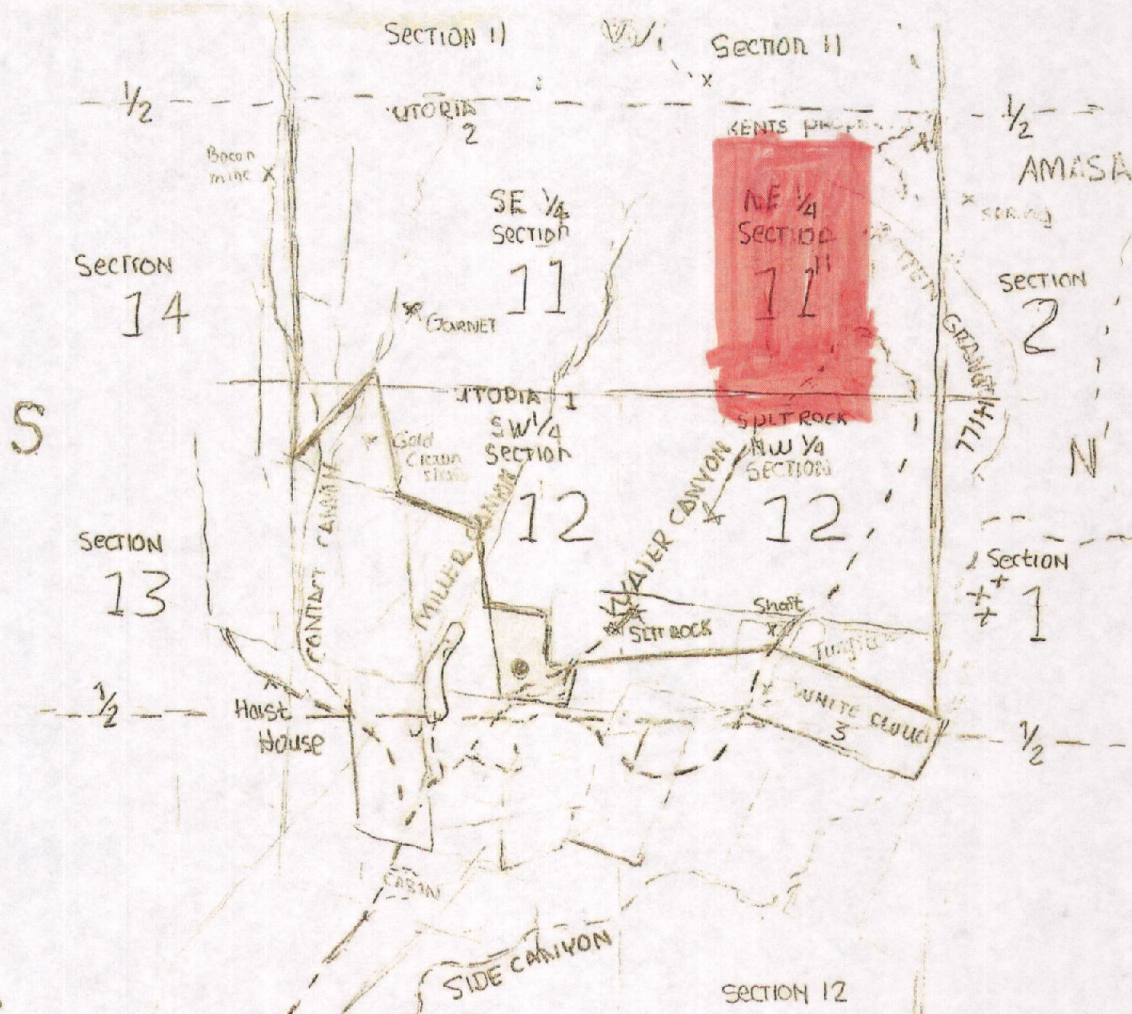

• Estimate of Reclamation –	
1. Equipment Cost	\$550.00
2. Operating and Maintenance	\$900.00
3. Contractor's Profit	\$90.00
4. Labor	\$300.00
5. Seed	\$50.00
6. Contingency	\$90.00
7. Contract Administration	\$90.00
8. Indirect Costs	\$18.90
9. Insurance	\$4.50
Total	\$1193.40

This would cover transporting equipment to fill in the holes and reseeding the area which has been disturbed.
